FOR IMMEDIATE RELEASE

RE: BUSINESS 50 WEST PROJECT – TRAFFIC SIGNAL

FROM: MAYOR DAVID RHOADS

We have been notified that beginning Wednesday, June 23rd the new traffic signal on Business 50 West will become active. At this time, Meridian Street will remain closed, both Northbound and Southbound. The signal will be setup so that Business 50 travelers will see a green light for the majority of the time but about 20 seconds or so of the 2-minute cycle will be red. The intent is to get the public adapted to stopping at this intersection before the Meridian St. cross traffic is introduced. This set up will be temporary and will run for approximately 2 weeks, at which time Meridian Street will be opened and the signal will be fully operational.
