

Washington Light and Power is pleased to announce an opening for the position of **Apprentice Lineman**. This role offers an excellent opportunity to develop skills in the electrical field, gain valuable hands-on experience, and grow within our organization.

Position Overview: As an Apprentice Lineman, you will work closely with experienced professionals, assisting in tasks such as:

- Installation and maintenance of electrical systems
- Working on and around energized high voltage electrical lines
- Troubleshooting transformer issues
- Metering
- Ensuring compliance with safety standards

Our program is designed to provide comprehensive training, mentorship, and practical application in line with industry standards.

Requirements:

- High school diploma or equivalent
- Ability to work in extreme weather conditions (heat, cold, rain, and wind)
- Ability to lift heavy objects, stand for prolonged durations, climb ladders, and learn to climb utility poles
- Focus on the job at hand
- Willingness to learn and adapt in a fast-paced environment

Benefits:

- Enrollment in a 5-year apprenticeship program through Indiana Municipal Electric Association
- Required to stay out of town for 2 weeks for climbing school and 1 week per year for the classroom portion of the program
- Promotion and raise with completion of each portion of the apprenticeship
- Have a class B commercial drivers license or have the ability to obtain one.

If you are interested in joining our team and contributing to Washington Light and Power with a commitment to excellence, please submit your application along with your resume to the mayor's office or debbie.neukam@washingtonin.us

We look forward to welcoming dedicated and motivated individuals to our team. Should you have any questions about the position, please do not hesitate to contact us.

Sincerely, Randall R Ennis
Electric Superintendent
